

SilverCloud

MAKING SPACE FOR HEALTHY MINDS

Our Story

SilverCloud Health is a multi-award-winning global health technology company that is committed to solving the ever-growing challenge of providing patients with cost-effective, scalable and timely clinical care. Based on over 16 years of continuing research, SilverCloud is an adaptive, easy-to-integrate, digital mental health platform that enables you to deliver better mental healthcare without compromising quality or outcomes.

Improve Patient Outcomes

65%

of users show clinically significant reduction in symptom scores¹

75%

of users show decrease in both anxiety and depression scores after treatment²

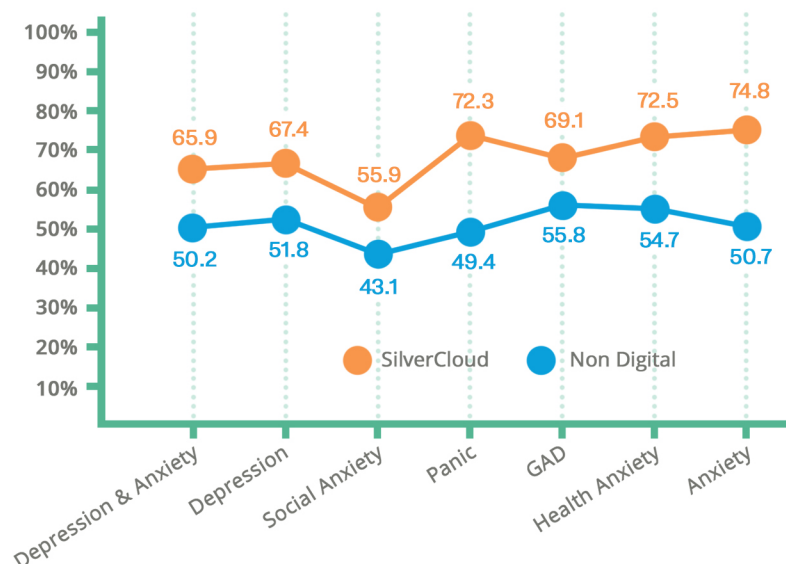

10x

up to ten times capacity improvement

1. Reduction on PHQ-9 depression score of 4+, or reduction on GAD-7 anxiety score of 3+

2. Decrease in score on both PHQ-9 and GAD-7 questionnaires at completion of treatment

SilverCloud Patient Recovery Rates Versus Non Digital Therapy
